Summary

Architectural designer with design-build and BIM experience across documentation, coordination, and client-ready visual communication. Advanced Rhino/Grasshopper with working Revit/AutoCAD; strong presentation, layout, and stakeholder-facing deliverables.

Education

Illinois Institute of Technology

Master of Tall Buildings & Vertical Urbanism (MTBVU)

Aug 2024 - May 2025

Chicago, IL

Illinois Institute of Technology

Bachelor of Architecture (B.Arch)

Aug 2020 - May 2025

Chicago, IL

-Honors: Dean's List (6 semesters), Elevate Experience Scholarship (\$5k).

Professional Experience

Design Associate

Impact Partners Studio

Dec 2025 - Present

Remote

- Developed UX/UI concepts for a nonprofit online research library, including information architecture, filtering systems, accessibility-focused layouts, and client-facing presentations.
- Conducted stakeholder interviews, synthesized user feedback, and supported A/B testing to improve usability, navigation clarity, and content discoverability.
- Designed print-ready publications, diagrams, templates, and digital assets while establishing typography and layout standards in Adobe InDesign.

Teaching Assistant

Illinois Institute of Technology

Aug 2024 - May 2025

Chicago, IL

- Managed \$60k in travel and material expenditures with zero variances in a university audit.
- Coordinated weekly briefs and schedules for 18 students (on-time submissions 70% to 95%).

Design-Build Studio Member - Community Center

IIT Design-Build Studio x Glass Wall Systems

Jan 2024 - Jul 2024

Maharashtra, India

- Delivered concept-to-construction community center in 8 weeks; produced documentation and on-site coordination within a \$50k budget.
- Replanned foundations and structural grid in 5 days after a site relocation, aligning engineers and community stakeholders.

Assistant Project Engineer

Karachaganak Building Service Corp. LLP

Jun 2021 - Aug 2021

Aksay, Kazakhstan

- Issued RFI/RFC packages and code checklists, improving consultant turnaround time by 15%.
- Built Revit model and shop drawings for a \$200k mixed-use complex, improving coordination and takeoff accuracy.

Assistant Architect

Karachaganak Tech Service LLC

Jun 2020 - Aug 2020

Aksay, Kazakhstan

- Redesigned building entry to meet ADA requirements; permit approved on first submission.
- Produced construction drawings/specifications for a 700 m2 (7,500 SF) supermarket and pharmacy; presented options to client leadership.

Technical Skills

Design & BIM: Revit (BIM modeling/documentation), Rhino, Grasshopper, AutoCAD

Rendering & Analysis: V-Ray, Arnold, Lumion; Ladybug, Karamba, SimScale

Graphics: Adobe InDesign, Illustrator, Photoshop, Lightroom

Fabrication & Productivity: Laser Cutting, 3D Printing, CNC, Physical Modeling; Excel (PivotTables, VBA), PowerPoint

Additional

Japan Summer Study Abroad (May - Jun 2023): Daily sketch documentation; presentations on SANAA, Kengo Kuma & Associates, Sou Fujimoto; co-organized IIT exhibition.

Habitat for Humanity (Mar 2023): Residential retrofit support including demolition, interior improvements, and salvage for reuse.

Event & Venue Services Manager, IIT (Feb 2022 - Apr 2024): Supported 150+ events coordinating A/V and lighting;
